Extension of Master Thesis Duration

Ihr Antrag:

I am doing my master thesis at Bosch on the topic "Numerical Validation and Optimization of Resistance Welding Processes on the basis of Modeled Process Scenarios". My current last date of master thesis submission after extension by two weeks is 1.08.2019. And, I wish to extend my master thesis contract by 4 weeks for the month of August (02.08.2019 - 31.08.2019). Following were the reasons I have to extend my thesis:

1. The simulation model had to be extended in post processing & coupling method code, which required input from other Bosch colleagues. This took longer than expected due to absences of relevant Bosch person.
2. Model Validation as planned in my thesis could not yet be carried out as data from the Lab at Bosch had inaccuracies. Therefore, it will require Bosch to carry out further experiments to provide decent validation data.
3. My external supervisor at Bosch will be on parental leave (17 June - 16 July, 2019) and cannot assist fully during this time.

I hope the above reason justify the requirement for my thesis extension adequately. For further inquiries please contact my Bosch supervisor Dr Tim Pychynski via email: Tim.Pychynski@de.bosch.com or mobile : +49 7118112821

Best regards,
Barun Mazumdar

Wichtig:

In Ihrem eigenen Interesse fügen Sie bitte **alle notwendigen Nachweise** (z.B. **Atteste, Praktikums-, Immatrikulations-, Exmatrikulationsbescheinigungen, Schriftverkehre, Zeugnisse / Transcripts, Bescheinigungen von Professoren / Dozenten**, o.Ä.) dem Antrag bei. Bei fehlenden Nachweisen verlängert sich die Bearbeitungsdauer Ihres Antrages unnötig.
